SUB: DIGIMAT Digital Library OS for NPTEL–SWAYAM Local Chapter Colleges – Reg.

Dear Sir / Madam,

Greetings from LinuXpert Systems !!!

We are glad to inform that, LinuXpert Systems has developed a customized Operating System for setting up Open Source Software based Digital Library, Digital Repository, Digital Learning Platform in colleges which also includes our popular DIGIMAT Video Learning Platform Software (YouTube Edition) for accessing 41,500+ NPTEL Video Lectures from 1,000+ NPTEL Video courses within the college campus, which we feel, will be highly useful for all NPTEL-SWAYAM Local Chapter colleges, which is also being provided at a very cheaper cost. We hope the DIGIMAT Digital Library OS will be more useful for students and faculty members who take up NPTEL Online Certification (NOC) Courses (https://onlinecourses.nptel.ac.in).

We request colleges to make use of this valuable offer and have all communications through the below email address only**.**
